NP	Dental Camp in remote villages, Nepal to serve 900 patients at \$ 10 per patient = Total = \$ 9.000	Help Support a Dental Camp in Village: This fund will allow our community hospital's own dental surgeon and her team to visit a village every two months and carry out extractions, scaling, and temporary fillings to a village where no dental care has ever been provided. Most villages in Nepal have never seen a dentist. Villagers suffer from toothaches for years before the tooth is lost or the patient spends a fortune to visit a dentist several hours drive away. Each visit of one week will serve about 150 patients. The team will have one dentist		\$ 4.855	David Johnson

NP Supply of medicines to Village Clinics, Nepal to serve 5000 patients at \$1 per patient
Total = \$ 5.000

Help Supply Medicines to Village Clinics: This fund will help supply medicines to the villages of Tipling, Lapa, Shethung and Simigaon, which are three days walk from the nearest town and road. SPIRAL & HHC have trained village health providers in the only clinics in those villages. After 14 years of support by SPIRAL & HHC, today half the medicines are funded by the villagers themselves, to show ownership or stake in their health program. But still the villages are too poor to support their own health needs and need support. Life saving antibiotics for children with pneumonia, children vitamins, worm medicines, vitamins, iron and folic acid for pregnant women, etc. is part of the formulary in the village clinic.
